

# EMPATHY

## Parent Resource

GRADES  
**K-2**

### What is empathy?

Empathy means understanding others' thoughts, feelings and actions.

Teaching your child how to show empathy will help him or her build stronger relationships and contribute to a more positive environment.

**In kindergarten through second grade,  
children begin or continue:**

- ✓ Understanding more about their place in the world.
- ✓ Identifying ways to show kindness and care for others.
- ✓ Wanting to support others in need.

**Below are ways you can help your child  
learn, practice and demonstrate empathy:**

#### INTRODUCE THE WORD

Introduce the word empathy to your child. Empathy includes understanding the perspective of others and wanting to help those who are in need. Share an example of when you were empathetic at home, at work or in the community.

#### ASK FOR AN EXAMPLE

Ask your child to share an example of when someone let him or her do a fun activity first or shared something with him or her. Explain that putting someone before yourself is a way to demonstrate empathy.

**BY PRACTICING EMPATHY,  
YOUR CHILD WILL IMPROVE  
COMMUNICATION SKILLS AND  
LEARN TO REFLECT, OBSERVE  
AND THINK ABOUT HIS OR HER  
OWN BEHAVIORS.**

**SKILLS TO CONSIDER  
PRACTICING WITH  
YOUR CHILD:**

Actively listening to one another.

Learning about the experiences of others and practicing ways to show respect.

#### ACTIVITY FOR YOU AND YOUR CHILD

Read a book or watch a movie that shows a character displaying empathy toward others. Ask your child to identify ways the character demonstrated empathy.
